SOTECA Electric, is a Tunisian company, was founded on 1994. It covers the following activities:

- ▶ Electrical works
- ▶ Electrical panels
- ▶ Transformation stations
- ▶ Industrial pumping
- ▶ Automation & Instrumentation
- ▶ Maintenance & Technical assistance

Our company specializes in the execution and design of Petroleum Instrumentation and Electrical Control Projects, serving both offshore and onshore installations. We pride ourselves on providing specialized manpower that is not only qualified and certified in electrical instrumentation but also holds ATEX certification ensuring the highest level of expertise in oilfield.

Our team excels in the preparation of PID plans, outlining the control and monitoring systems required for efficient operations. With extensive experience in SIL2 PLC programming, we develop robust and reliable control systems that meet stringent safety standards. We are adept at implementing and calibrating a wide range of measuring instruments, guaranteeing accurate and precise data collection.

SOTECA Electric is involved in the realization and maintenance of various projects in the following fields:

- ▶ Oil & Gas Industry
- ▶ Agri-Food Industry
- ▶ Building Industry
- ▶ Chemical & Other Industries
- ▶ Smart City & Infrastructure Industry
- ▶ Water & Environment Industry
